

MASTERMAX™

TIMBERMAX™

Deck & Timber Paint

Water Based • Acrylic

- A tough, water based, 100% acrylic paint
- Fast drying with a low sheen and high opacity finish
- Exceptional protection from the sun and weather with an excellent UV resistance
- Can be used as a finish coat, undercoat and primer on most exterior surfaces
- Can be applied on substrates at temperatures as low as 5°C
- Suitable for timber decks, weatherboards, fences & trelliswork, fibre-cement surfaces, concrete blocks & unglazed bricks
- Available in Test Pots, 4 litres & 10 litres
