

MASTERMAX™

**MULTIMAX™**

## Multi-Purpose Paint

Water Based • Acrylic • Linseed Oil

- All-in-one finish coat, undercoat & primer
- Use on most common surfaces such as timber, concrete, galvanised steel, metal surfaces, roofs
- Quick touch dry and recoat – MULTIMAX continues to harden over several days
- Dries to a durable, low sheen finish with high opacity
- High water resistance and better tolerance to imperfect surfaces compared to conventional acrylics due to the special wicking/bonding ability of linseed oil
- Apply with brush, roller or airless sprayer
- Available in Test Pots, 2 litres, 4 litres & 10 litres

Exclusive to
