ENVIRONMENTAL POLICY

Agrippa Paints Ltd is a proud family-owned New Zealand manufacturer with over 30 years of industry experience. Agrippa Paints Ltd is committed to delivering sustainable growth while minimising our impact on the environment wherever possible. We look to continuously improve our environmental performance and providing a clean, safe and healthy working environment for our staff as well as raising the awareness of our environment of our customers and suppliers.

Our company is committed to minimising the negative environmental impacts of our business activities. With management and staff working together we constantly monitor the way our business operates as well as complying with all relevant legislative and regulatory requirements.

It is our policy to:

- Comply with relevant legislation and regulatory requirements by keeping a register of contact for receiving information and updates.
- Reduce our landfill contribution by recycling and re-using materials where practical and disposing of our waste through safe and responsible methods.
- Minimise energy usage.
- Ensure our procurement of packaging and raw materials take into account environmental impacts.
- Offer our customers more products with environmental advantages.
- Improve awareness of our Environmental Policy and to educate our staff, customers, and suppliers of environmental issues within our industry.
- Implement procedures using the 'hierarchy of controls' to eliminate, substitute, isolate, change and protect people and the environment from the risk of damage or harm.
- Strive to continually improve our environmental performance.
- Review our policy annually and continue with our targets and objectives.
